MAKING SPACES AGILE

Huddlebox[®]

work-agile.com

Making spaces agile

Born out of two decades of manufacturing bespoke reception areas, Workagile was created to design workplace furniture that explores the relationship between staff wellbeing and productivity.

With strong emphasis on the need for adaptability in today's ever-evolving workplaces, we conceive innovative designs that encourage communication, collaboration and creativity around the world.

We believe that a truly agile workplace will always provide choice and our ethos is all about creating spaces that offer just that; this is how we thrive in making spaces agile.

Agile working is all about creating a space that provides choice

Integral flexibility

Huddlebox® is the perfect tiered seating solution for creating flexible, collaborative spaces.

Huddlebox is no ordinary box. It is a unique piece of design engineering enabling you to create unlimited possibilities for getting people in a creative mindset.

It's all in the detail

Look closely and you'll see the attention to detail that goes into all our products

Strong 18mm ply or colourthrough fibreboard construction

Oiled or lacquered finishes prevent cracking, repel moisture & are easy to clean

Unique connector system allows for safe & easy attachment

Patent Pending
UK Application No. GB2010815.5

Reconfigurable design

Whether designing for 20, 200 or 2,000 staff, Huddlebox® can be scaled to suit with just eight simple new modules, plus optional back and side panels, to choose from.

The construction of these new modules makes them unique and even better than before with a simplified fitting system enabling increased flexibility and choice.

MODULE 1

225x225x900mm

MODULE 2

450x450x450mm

MODULE 3 PLANTER

450x450x450mm

MODULE 4 CUBBY

450x450x450mm

MODULE 5

450x450x900mm

MODULE 6

450x900x900mm

MODULE 7

675x900x900mm

MODULE 8

900x900x900mm

BACK/SIDE PANEL

1350x900x90mm
1350x450x90mm

Approaching Salutogenesis

Salutogenesis is a medical approach focusing on factors that support health and well-being; an approach at the heart of our work in today's evolving workplaces.

The term itself means 'sources of health' and originates from the Latin word 'salus' (health) and the Greek word 'genesis' (source).

Finishing touches

Colourthrough fibreboard is the same colour throughout, ensuring scratches can be treated with a little re-oiling

Our ply finishes enhance wellness in a space through a fresh, organic look & feel

Furniture linoleum is a durable, easy to clean option for adding colour to the top or all sides of your modules

Creating collaboration

Huddlebox® is perfect for opening up safer collaboration; something that is more important than ever with more people working from home and only visiting the office for specific tasks.

Enabling agile ways of working, through innovative design, Huddlebox encourages communication and creativity.

Spoilt for choice

Seat pads & cushions available for softer seating and to add a splash of colour to your scheme

SINGLE SEAT PAD

400x400x50mm

DOUBLE SEAT PAD

850x400x50mm

SMALL CUSHION

900x900x1200mm

LARGE CUSHION

1350x900x1200mm

Biophilic designs bring nature indoors, promoting calmness

Cubbys incorporate practical storage for your belongings

Castors or feet for easy moving and to protect flooring

Anti-microbial lacquer for extra safety and hygiene

Innovative layouts

Perfect against walls, enabling use of the height of a space rather than encroaching on floor space, or to introduce a peninsular or corner within a room.

This level of innovation adds to the design landscape in addition to maximising seating capacity, space efficiency and choice.

Be inspired

With thousands of unique configurations, combinations are limitless and truly bespoke to your needs.

Companies change, grow, adapt and, of course, move. The best designs include future proofing calling for a more modular and reconfigurable solution.

“ Seemingly endless configurations that can be conjured up which is testament to a truly agile solution. ”

As nature intended

We only use timber from sustainable sources, certified by the Forestry Stewardship Council (FSC®) and Programme for the Endorsement of Forest Certification (PEFC).

Our environmental management is evidenced by our ISO 9000 and ISO 14001 accreditation, as well as our partnerships with the FISP and the World Land Trust.

We even plant a tree for every order we receive to offset our footprint!

Helping HSBC work agile

Workagile worked extensively with Axis Architecture and Insightful Environments to help bring the vision of HSBC, the world's local bank, to life. The brief outlined the importance of using the environment to create a vibrant and collaborative space. Huddlebox® products were utilised in such a way to create a cultural shift from a static to a flexible working environment within a contemporary, professional environment.

We remained on hand to advise throughout the process, providing samples, trials and designs to help ensure the furniture would suit the vision HSBC wanted for their new office.

“ Huddlebox is different to other modular type seating available at the moment. ”
