MAKING SPACES AGILE

Neena

work-agile.com

Making spaces agile

Born out of two decades of manufacturing bespoke reception areas, Workagile was created to design workplace furniture that explores the relationship between staff wellbeing and productivity.

With strong emphasis on the need for adaptability in today's ever-evolving workplaces, we conceive innovative designs that encourage communication, collaboration and creativity around the world.

We believe that a truly agile workplace will always provide choice and our ethos is all about creating spaces that offer just that; this is how we thrive in making spaces agile.

Agile working is all about creating a space that provides choice

Stylish agility

Neena is a modern laptop table that is easy to move around; making it perfect for creating a more agile workspace.

Available in stylish plywhite with a wide range of base finishes and colours, Neena can be made to match your brand or compliment any existing interior.

Versatile comfort

With its curvy, bent plywood frame and slightly angled table top, Neena ensures a high level of comfort and usability.

Whether it be for individual working or in a more relaxed and collaborative setting, Neena's versatility enhances your ability to work more effectively.

It's all in the detail

Look closely and you'll see the attention
to detail that goes into all our products

5mm solid steel base
for stability

18mm Birch Plywood top for
enhanced aesthetics

150-2000/1

Approaching Salutogenesis

Salutogenesis is a medical approach focusing on factors that support health and well-being; an approach at the heart of our work in today's evolving workplaces.

The term itself means 'sources of health' and originates from the Latin word 'salus' (health) and the Greek word 'genesis' (source).

Agile with design

Each range goes through an in-depth design process to ensure that the final product represents the most agile solution

Alternatives are drawn up and explored before creating the finished article.

As nature intended

We only use timber from sustainable sources, certified by the Forestry Stewardship Council (FSC®) and Programme for the Endorsement of Forest Certification (PEFC).

Our environmental management is evidenced by our ISO 9000 and ISO 14001 accreditation, as well as our partnerships with the FISP and the World Land Trust..

We even plant a tree for every order we receive to offset our footprint!
