MAKING SPACES AGILE

MiiBOX[®]

work-agile.com

Making spaces agile

Born out of two decades of manufacturing bespoke reception areas, Workkagile was created to design workplace furniture that explores the relationship between staff wellbeing and productivity.

With strong emphasis on the need for adaptability in today's ever-evolving workplaces, we conceive innovative designs that encourage communication, collaboration and creativity around the world.

We believe that a truly agile workplace will always provide choice and our ethos is all about creating spaces that offer just that; this is how we thrive in making spaces agile.

Agile working is all about creating a space that provides choice

MiiBox® Phone booth

Perfect for private calls or a quiet place to focus. Assembly by 2 people in 2hrs

Exterior dimensions

Height: 2220 mm
Width: 1000 mm
(Black with wooden slats: 1030 mm)
Depth: 960 mm
Minimum ceiling height for setting up a booth is 2.43 meters.

Interior dimensions

Height: 2030 mm
Width: 910 mm
Depth: 870 mm

Weight & Capacity

220 Kg and room for one person.

Sound insulation

20 mm sound-absorbing and fire-retardant foam.

Sound reduction

Up to 30 dB.

Ventilation

1 quiet fan
Air flow: 200 m³ per hour
Power consumption: 2.4 W

LED-lights

Warm and climate-friendly light source, with low power consumption of 11 W.

Electricity supply

One power plug and two USB-ports to keep you going.

Inside felt

3 mm fire-retardant felt provides a durable and stylish inner "look".

Stable worktable

Table height: 970 mm.
Table size: 680 x 300 mm.

Motion sensor

Lights, fans, and electricity supplies are activated using motion sensors, thus minimising overall energy consumption

Safety glass
