Making spaces agile

Workkagile design and manufacture flexible furniture solutions that enable companies to adapt and flex as business needs change. We believe that a truly agile workspace will always provide choice, and Workkagile furniture designs will do exactly that to any workspace.

With a focus on modular and creative designs that are inherently sustainable through the option to re-configure and re-use, either within the existing area or in a completely new workspace, Workkagile solutions will truly save you time, money and effort!

Today's hybrid focused workspaces show a growing need for adaptability, and Workkagile furniture solutions support this shift, encouraging productivity through enabling better collaboration, communication and creativity.

Agile working is all about creating a space that provides choice

Integral flexibility

Huddlebox® Original is the perfect tiered seating solution for creating flexible, collaborative spaces.

Huddlebox is no ordinary box. It is a unique piece of design engineering enabling you to create unlimited possibilities for getting people in a creative mindset.

Reconfigurable design

Whether designing for 20, 200 or 2,000 staff, Huddlebox® Original can be scaled to suit with just eight simple new modules, plus optional back and side panels, to choose from.

The construction of these new modules makes them unique and even better than before with a simplified fitting system enabling increased flexibility and choice.

Creating collaboration

Huddlebox® Original is perfect for opening up safer collaboration; something that is more important than ever with more people working from home and only visiting the office for specific tasks.

Enabling agile ways of working, through innovative design, Huddlebox encourages communication and creativity.

Be inspired

With thousands of unique configurations, combinations are limitless and truly bespoke to your needs.

Companies change, grow, adapt and, of course, move. The best designs include future proofing calling for a more modular and reconfigurable solution.

“ Seemingly endless configurations that can be conjured up which is testament to a truly agile solution. ”

As nature intended

We only use timber from sustainable sources, certified by the Forestry Stewardship Council (FSC®) and Programme for the Endorsement of Forest Certification (PEFC).

Our environmental management is evidenced by our ISO 14001 accreditation, as well as our partnerships with the FISP and the World Land Trust..

We even plant a tree for every order we receive to offset our footprint!

Helping HSBC work agile

Workagile worked extensively with Axis Architecture and Insightful Environments to help bring the vision of HSBC, the world's local bank, to life. The brief outlined the importance of using the environment to create a vibrant and collaborative space. Huddlebox® Original was utilised in such a way to create a cultural shift from a static to a flexible working environment within a contemporary, professional environment.

We remained on hand to advise throughout the process, providing samples, trials and designs to help ensure the furniture would suit the vision HSBC wanted for their new office.

“ Huddlebox is different to other modular type seating available at the moment. ”
