# Making spaces agile

Workkagile design and manufacture flexible furniture solutions that enable companies to adapt and flex as business needs change. We believe that a truly agile workspace will always provide choice, and Workkagile furniture designs will do exactly that to any workspace.

Today's hybrid focused workspaces show a growing need for adaptability, and Workkagile furniture solutions support this shift, encouraging productivity through enabling better collaboration, communication and creativity.

With a focus on modular and creative designs that are inherently sustainable through the option to re-configure and re-use, either within the existing area or in a completely new workspace, Workkagile solutions will truly save you time, money and effort!

Agile working is all about creating a space that provides choice

Mobile Media unit fits 55" screen for optimal viewing

Pinnable Acoustic Boards to display your ideas and aid visual and acoustic privacy

Modular design to give you flexibility

Lightweight Whiteboards to easily move around, and write and present

Integrated storage to keep your space tidy

Optional accessories to add function to your design

Mounted on sturdy, lockable castors to move when you need

## On The Move

On The Move presents a versatile space division solution, empowering teams with the ability to tailor their environment for presentations, brainstorming, collaboration, and innovation, precisely when required.

# Dynamic Space Definition

With its seamlessly integrated storage, secure castors, and a curated range of accessories encompassing lightweight whiteboards, pin-able acoustic panels, and even planters and cubby boxes, On The Move stands poised to foster team collaboration while optimising spatial efficiency.

# A Word From The Designers

“ The objective of this collection was to introduce an exceptionally versatile and flexible system, enabling creativity and ideas to effortlessly thrive in any location, just as the name suggests, On the Move. ”

Kathryn Mitchell

## Transforming The University of Exeter Collaborative Spaces

University of Exeter, committed to cultivating innovative and collaborative environments, engaged our services to revamp one of their team-based workspaces.

The university sought spaces adaptable to their dynamic needs, which led us to introduce our cutting-edge “On The Move” furniture system featuring mobile space division, storage, grid shelving and dynamic whiteboard and acoustic boards.

In combination with stacking stools and our Nimble folding tables, we enabled teams to reconfigure layouts within minutes, catalysing a tangible transformation.

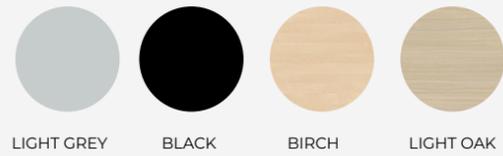

“ The space is incredible! So much positive feedback from the team, and I used the corner space for a workshop the other day which worked so well! Thanks again for everything, it’s really transformed the way we work. ”
