MAKING SPACES AGILE

# Inherently Sustainable

Workagile is committed to achieving its Sustainability and Environmental targets, through the implementation of its Sustainability and Environmental Policy and strategy. We aim to follow and promote good sustainability practices, reduce the environmental impacts of all our activities and help our clients to do the same.

The environment is everyone's responsibility, and we do our part by endeavouring that all our timber originates from responsibly managed forests. As supporters of the tradition of good forest management, we purchase only suitably certified timber when we can.

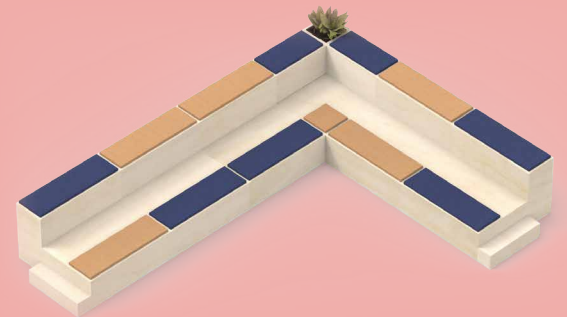

## Huddlebox® Edge

Connecting creative mindsets together.

Huddlebox Edge is our most affordable tiered seating option, with larger sized modules that make the system more cost effective. The butt join construction method means there is a visible 'Edge' detail, where the panels of the modules are connected.

- Larger module to create more cost effective configurations
- Available in a range colours and finishes
- Planter and storage options available to take your configurations to the net level.

For specifications and finishing touches visit: [work-agile.com/huddlebox-edge](https://work-agile.com/huddlebox-edge)

# Huddlebox® Original

The perfect tiered seating system, connecting creative mindsets together.

Huddlebox® Original is no ordinary box. It is a unique piece of design engineering enabling you to create unlimited possibilities for getting people in a creative mindset.

- Bolted together to create semi-permanent configurations
- Available in a wide range colours and finishes
- Create unique configurations with many different modules available

For specifications and finishing touches visit: [work-agile.com/huddlebox-original](https://work-agile.com/huddlebox-original)

# Huddlebox® Stack

The perfect tiered seating system, allowing for endless collaboration possibilities.

Huddlebox® Stack is a modular seating solutions designed to help teams come together and collaborate, work, play or rest. Easy to build and reconfigure with re-stackable modules.

- Non-fixed modules allow for easy reconfiguration and re-stacking
- Available in all our standard Huddlebox® colours and finishes
- Comfortable seat position with an ergonomic 450mm tier height

For specifications and finishing touches visit: [work-agile.com/huddlebox-stack](https://work-agile.com/huddlebox-stack)

# Borders

Bring a touch of nature into the workplace.

Borders planters are a perfect solution for enhancing the workplace with a touch of nature. These mobile planters are designed to blend with the popular Huddlebox range and create a beautifully natural way to divide workspaces.

- Available with storage options, making the best use of space
- Real or artificial plants can be used, bringing nature inside
- Lockable casters allow planters to be easily moved

For specifications and finishing touches visit: [work-agile.com/borders](https://work-agile.com/borders)

# On The Move

The ultimate multi-functional space division system.

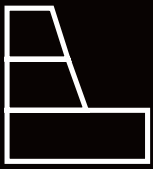

Taking multi-functional space division to the next level, On The Move combines storage, digital presenting, grid shelving, planting, brainstorming and more, in one compact mobile system!

- Write and pin up ideas with removable acoustic boards and whiteboards
- Move wherever you need in the workplace with robust, lockable castors
- Wide variety of accessories available including a wall mounted rail system, allowing you to create the perfect flexible presenting system.

For specifications and finishing touches visit: [work-agile.com/on-the-move](https://work-agile.com/on-the-move)

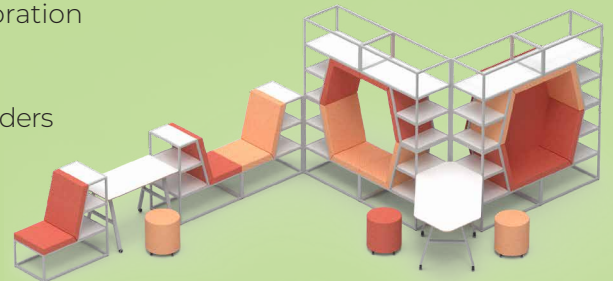

# Anyway

A smart space dividing system, making teams work.

Anyway is a modular, space dividing system, that is designed with simplicity in mind. Boasting shelving and incorporated collaboration seating, the Anyway product is truly multi-functional.

- 600mm of depth allows for dual side storage with Anyway dividers
- Grid shelving modules can be integrated easily for simple and visually attractive storage and space division
- A single seat module can be used to create endless

For specifications and finishing touches visit: [work-agile.com/anyway](https://work-agile.com/anyway)

# Nimble

A multifunctional folding table, making ideas move.

Nimble provides flexibility within multi-functioning rooms. No paper? No problem. Choose a writable surface finish and, with its folding mechanism, Nimble can be transformed from a meeting table to a presentation board within seconds.

- Can be used as a meeting table and a collaborative presentation board
- Magnetic or writable surface encourages creative presenting
- In-built folding mechanism allows for easy transformation

For specifications and finishing touches visit: [work-agile.com/nimble](https://work-agile.com/nimble)

# Bean

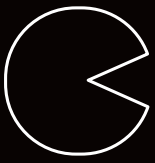

A revolution in ergonomic design and workplace adaptability.

With its innovative bean shape, hydraulic sit-stand feature, and optional privacy screen, this mobile desk on castors caters to collaborative teamwork, hot desking, and focused individual work. Elevate your workspace with the Bean desk's dynamic versatility.

- Innovative ergonomic bean shape design
- Hydraulic sit-stand functionality for fast height adjustment
- Versatile features: optional flip-position privacy screen, mobility on castors

For specifications and finishing touches visit: [work-agile.com/bean](https://work-agile.com/bean)

# Lilipad

A wellness lounger that helps you focus.

Lilipad is specially designed with wellness and productivity in mind. The 1230mm diameter means you can easily sit with your feet elevated, which improves blood flow giving you greater concentration and improving focus.

- Make a statement in your office with Lilipad's unique design
- On castors to allow it to be easily wheeled around the workplace
- Lilipad is designed with ergonomics at the forefront, helping to boost staff wellbeing at your organisation.

For specifications and finishing touches visit: [work-agile.com/lilipad](https://work-agile.com/lilipad)

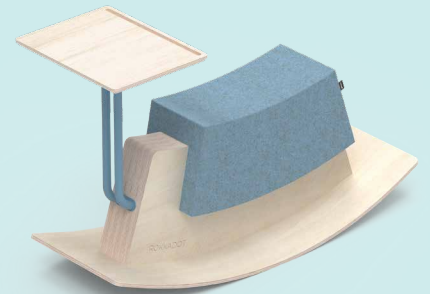

# Rokkadot

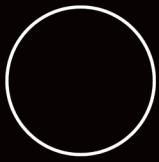

A quirky rocking chair, for unlocking happiness and wellbeing.

Rokkadot® stands out as a distinctive rocking workstation that introduces a touch of playfulness to the office environment. The subtle rocking motion promotes active sitting, enhancing posture, while its playful nature contributes to a positive impact on mental health.

- Designed to improve wellbeing with its calming rocking motion
- Rokkadot is available in a wide range of finishes and fabrics
- Can be grouped together to create a place that encourages social connection and collaboration

For specifications and finishing touches visit: [work-agile.com/rokkadot](https://work-agile.com/rokkadot)

# Dots

Informal pouffe seating, for agile working from dot to dot.

Every workplace has a need for informal seating 'dotted' about! Dots provides the perfect solution when looking for somewhere to 'perch' within breakout or collaboration areas – ideal for impromptu meetings too!

- Available in a wide range of fabrics including Camira, Kvadrat, Auga and more
- Square and round Dots, with a variety of heights and diameter options
- Add castors to your Dot for maximum mobility around the workspace

For specifications and finishing touches visit: [work-agile.com/dots](https://work-agile.com/dots)

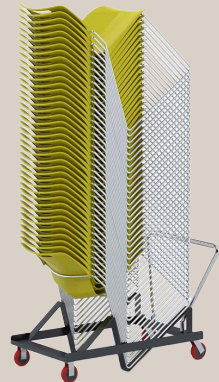

# Touch

High-density, stacking chair, for effective group get-togethers.

Practical and agile seating range with the essential stacking chair and modern bar stool. All chairs are fully customisable with a wealth of seat, frame & fabric options available.

- Stack chairs up to 40 high with the Touch mobile trolley
- Available in 6 flexi-form shell colours and 3 frame options
- Optional upholstered seat pads available for additional comfort during longer periods of sitting

For specifications and finishing touches visit: [work-agile.com/touch](https://work-agile.com/touch)

# Shack

A room within a room, for convenient collaboration.

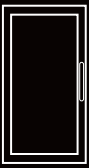

A meeting room within a room, Shack booths give an 'out of the office' buzz to any meeting and allow you to feel connected to colleagues whenever you need to be.

- Modular, freestanding booth allowing for easy repositioning
- Available in 2, 4 and 6 person options, with a pitched or flat roof
- Booths have no threshold and removable seats, allowing wheelchair accessibility

For specifications and finishing touches visit: [work-agile.com/shack](https://work-agile.com/shack)

# MiiBox

Escape workspace distractions in an elegant, soundproof space.

Get ready to add some style to your workspace with our latest range of modular phone and meeting booths! These pods are designed to be both affordable and elegant, so you can transform your workspace at an affordable price-point.

- Up to 30dB sound reduction, keeping conversions private
- Integrated power module with UK sockets and USB ports
- Transition 2 and 4 person pods from a meeting space to a working space, with an integrated sliding desk

For specifications and finishing touches visit: [work-agile.com/miibox](https://work-agile.com/miibox)

# BeCalm

Find your productivity retreat, and drive workplace performance.

With a diverse selection of finishes, these thoughtfully designed pods epitomize sophistication. BeCalm stands out with exceptional soundproofing, ensuring a quiet retreat for focused work amid bustling surroundings.

- Excellent soundproofing, tested to ISO 23351-1-2020 standard
