MAKING SPACES AGILE

MiiBOX®

work-agile.com

Making spaces agile

Workkagile design and manufacture flexible furniture solutions that enable companies to adapt and flex as business needs change. We believe that a truly agile workspace will always provide choice, and Workkagile furniture designs will do exactly that to any workspace.

With a focus on modular and creative designs that are inherently sustainable through the option to re-configure and re-use, either within the existing area or in a completely new workspace, Workkagile solutions will truly save you time, money and effort!

Today's hybrid focused workspaces show a growing need for adaptability, and Workkagile furniture solutions support this shift, encouraging productivity through enabling better collaboration, communication and creativity.

Empowering organisations globally to create **flexible**, **dynamic** and **efficient** spaces.

A cost-effective and elegant quiet space

Get ready to add some style to your workspace with our latest range of modular phone and meeting booths!

These pods are designed to be both cost-effective and elegant, so you can transform your workspace at an affordable price-point. And with built-in castors, you can easily move them around whenever you need.

Easy to enter & exit the pods

Double doors on MiiBox Meeting Pods

MiiBox 2 Person and 4 Person Meeting Pod have double doors, allowing for easy access when entering and exiting the pod. The double doors also enable the pods to have a 'larger' central table for more comfortable working, over against pods with a central door, which requires a shorter table.

Transform into a focused and inclusive workspace

Integrated sliding table

The MiiBox pods are designed to provide versatility for both collaborative meetings and individual work sessions. The meeting pods feature an innovative integrated sliding table, which allows you to effortlessly transform the pods from a cozy meeting space to a spacious working environment. This also allows the pods to be accessible for people with mobility issues, including wheelchair users, with an optional wheelchair ramp available when purchasing the pods.

Keep calls and meetings private

31dB of sound reduction

MiiBox Pods come with 31dBs of sound reduction, allowing you to keep phone calls, virtual meetings, as well as in-person meetings private. The sound reduction also greatly reduces distractions, helping you to better focus on your work or meeting.

MiiBox features & benefits

QUALITY SOUNDPROOFING

31dB of sound insulation, keeping conversations private and muting the majority of office noise.

SLEEK AND ELEGANT DESIGN

Available in a selection of neutral colours and optional natural wood sides, giving an elegant aesthetic which compliments the majority of modern workspace architecture.

INTEGRATED SLIDING TABLE

MiiBox 2 person and 4 person pods come with an integrated sliding table, allowing you to transform the pods from a meeting space to a roomy working space.

FAST INSTALLATION

Our Phone and Meeting pods can be installed within a couple of hours, minimising disruption in the office. The optimal solution for retro-fitting meeting spaces in a busy workspace!

PLUG AND PLAY

With everything is powered from a 3 pin plug, MiiBox can simply be plugged into a nearby wall socket and be up and going in minutes.

POWER AND USB PORT

All MiiBox pods come with UK Power and USB port as standard so you always have access to power up your laptops or phones.

CASTORS AVAILABLE

MiiBox 2 person and 4 person meeting pods come with castors, allowing you to easily move them.

AUTOMATIC LIGHTING AND VENTILATION

The automatic lighting and ventilation will not only make sure the air inside the pod is kept fresh, it will also save energy by making sure lights and ventilation are not left on.

ENERGY EFFICIENT

All MiiBox pods come with sensor activated lighting and ventilation, so you never need to worry about leaving the lights on.

CUSTOMISABLE OPTIONS

MiiBox Pods are available with the choice of 4 premium aesthetic options - Antracite, White, Anthracite with light oak sides, and Black with natural wood slats.

MiiBox® Phonebooth

Perfect for private calls or a quiet place to focus. Assembly by 2 people in 2hrs
