MAKING SPACES AGILE

BeCalm

work-agile.com

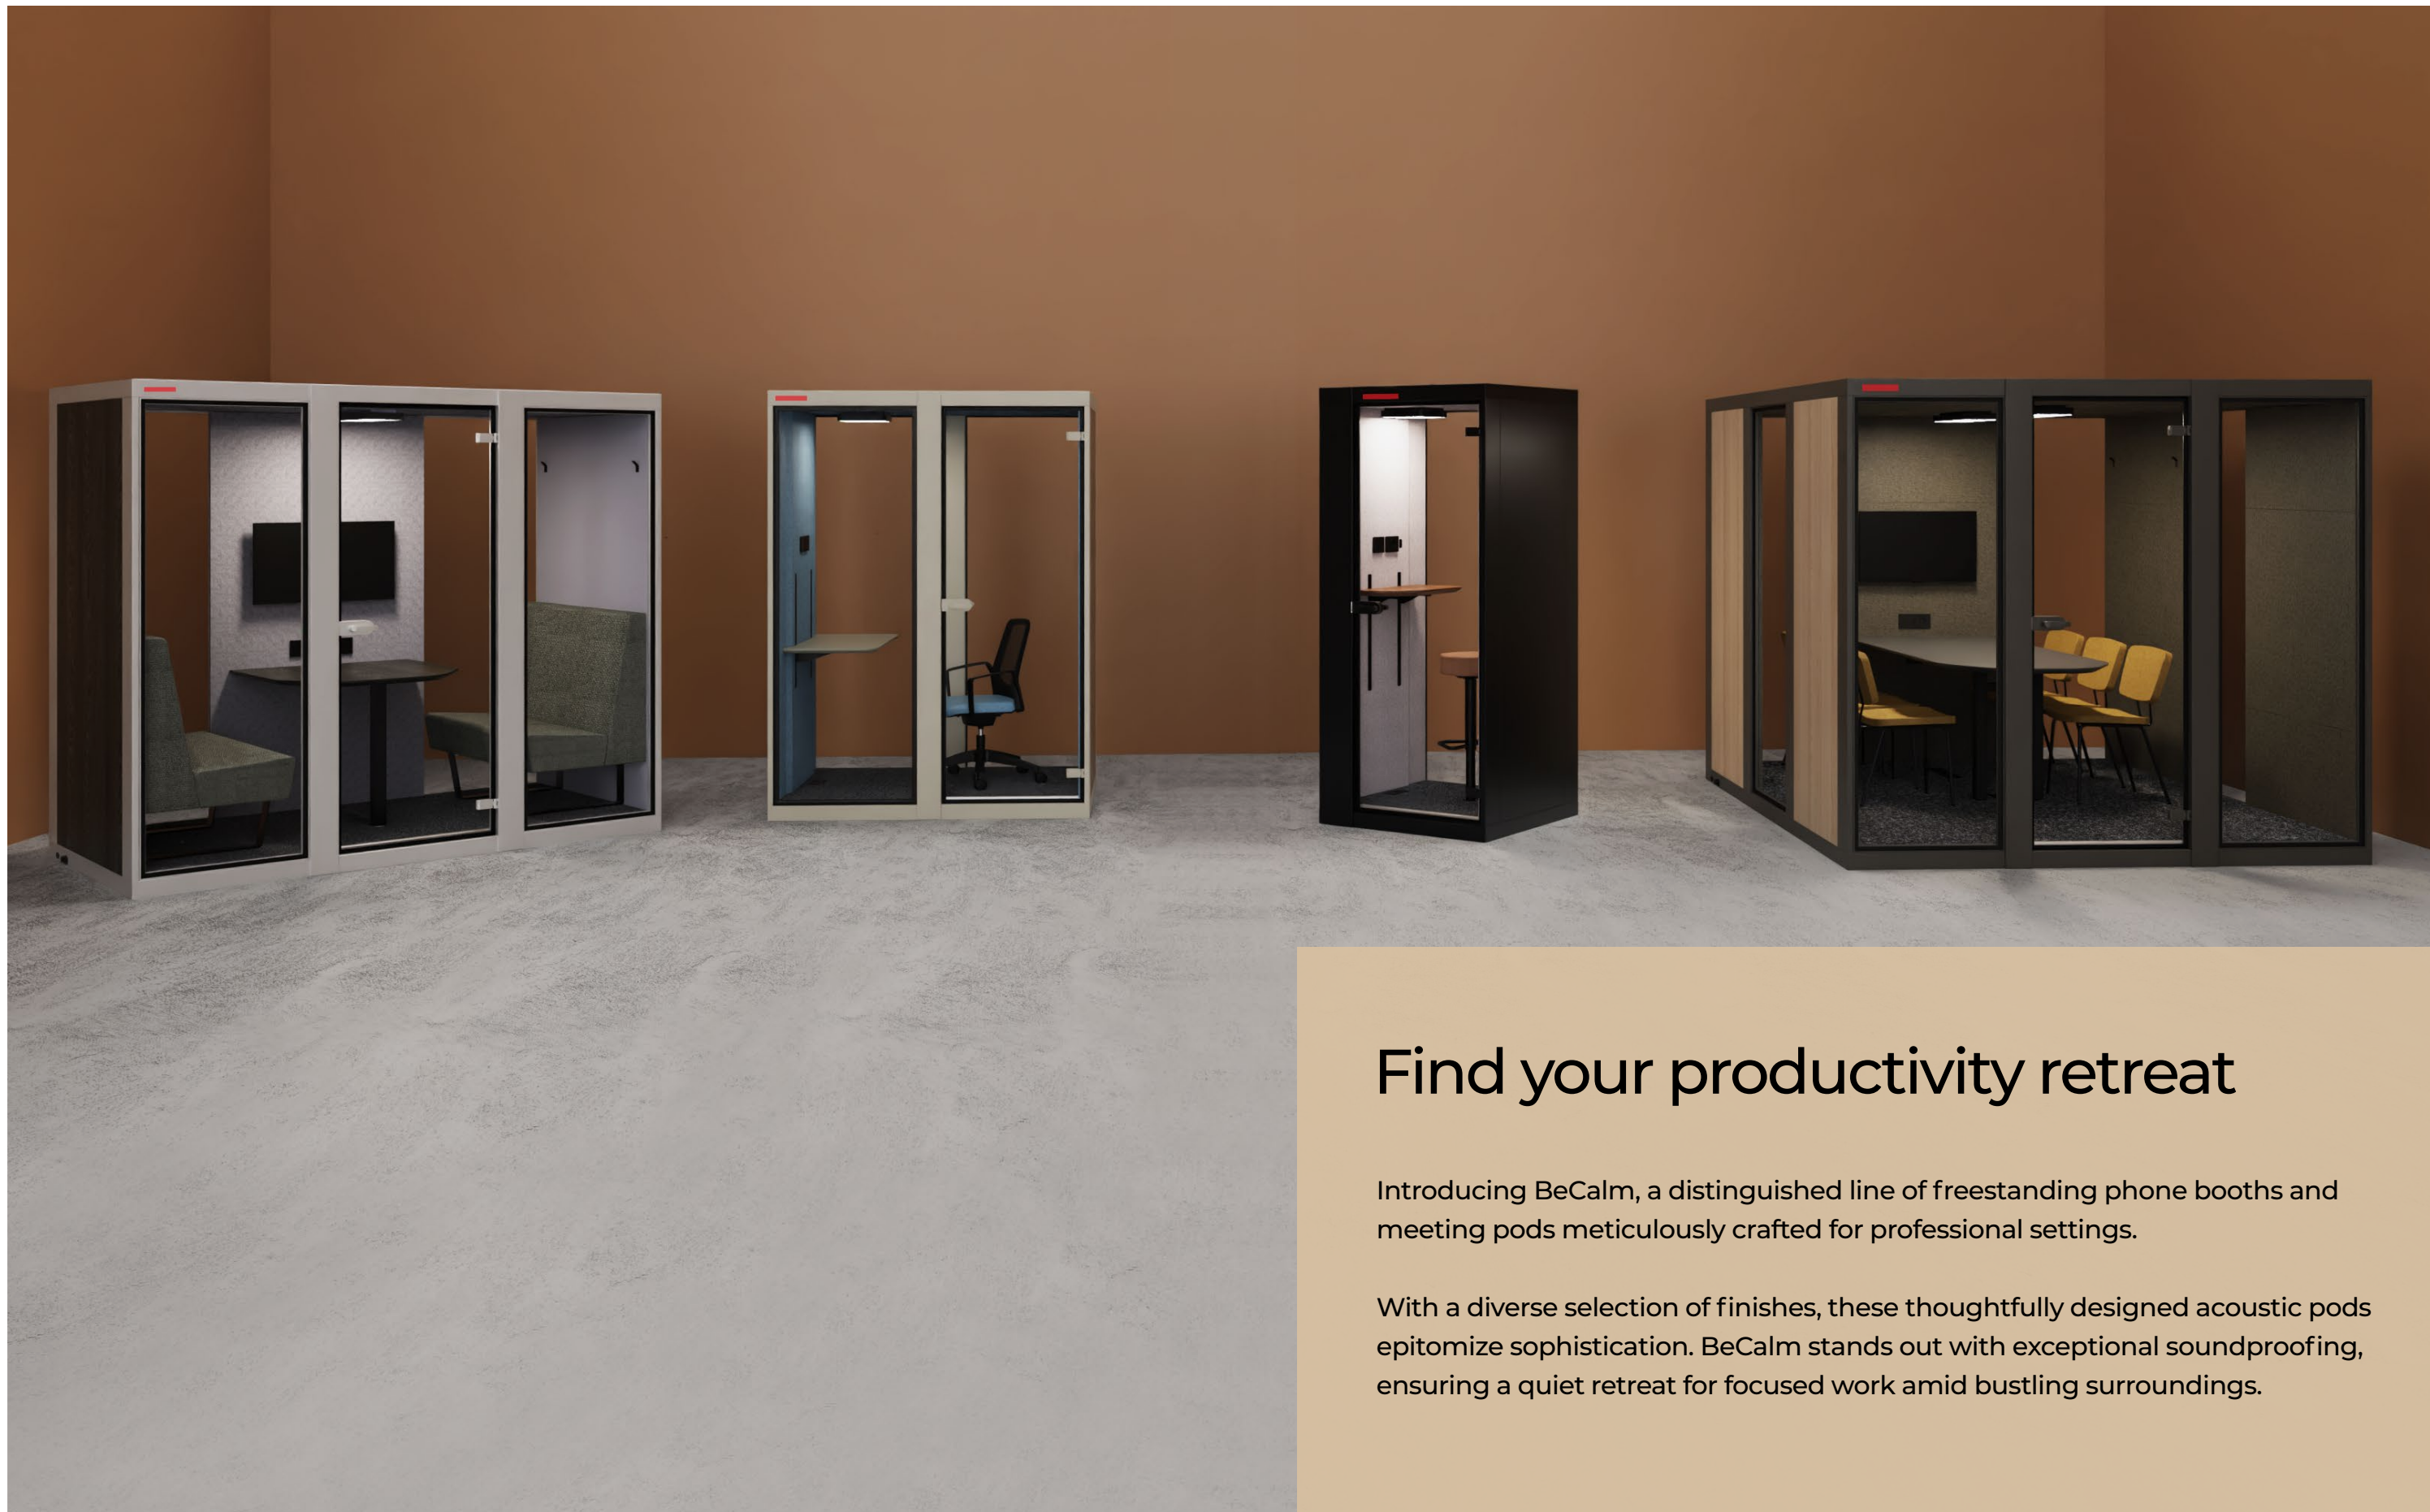

Making spaces agile

Workkagile design and manufacture flexible furniture solutions that enable companies to adapt and flex as business needs change. We believe that a truly agile workspace will always provide choice, and Workkagile furniture designs will do exactly that to any workspace.

Today's hybrid focused workspaces show a growing need for adaptability, and Workkagile furniture solutions support this shift, encouraging productivity through enabling better collaboration, communication and creativity.

With a focus on modular and creative designs that are inherently sustainable through the option to re-configure and re-use, either within the existing area or in a completely new workspace, Workkagile solutions will truly save you time, money and effort!

Empowering organisations globally to create **flexible**, **dynamic** and **efficient** spaces.

Find your productivity retreat

Introducing BeCalm, a distinguished line of freestanding phone booths and meeting pods meticulously crafted for professional settings.

With a diverse selection of finishes, these thoughtfully designed acoustic pods epitomize sophistication. BeCalm stands out with exceptional soundproofing, ensuring a quiet retreat for focused work amid bustling surroundings.

Clean & stylish design compliments any professional space

Engineered to elevate productivity, these pods offer a swift installation process, allowing you to be up and running in no time. Notably versatile, BeCalm units are effortlessly movable, facilitating seamless relocation to adapt to your evolving workspace needs. Experience the perfect blend of aesthetics, functionality, and adaptability with BeCalm, revolutionizing the way you work in quiet, stylish comfort.

BeCalm Features

Included as Standard on all Models:

Occupancy Light

Easily see if the pod is occupied with the visible, occupancy light.

Optimal Air Circulation

The air undergoes a complete refreshment cycle 88 to 110 times every hour.

Excellent Sound Insulation

Sound insulation Class A and B. Tested to ISO 23351-1-2020.

Automatic LED Lighting

Sustainable and energy efficient, saving you time and money.

Standard With Castors

Following install, the Pods are easily relocatable using in-built castors.

Safety Glass

All glass panels are made of 8-10mm safety glass.

Power

All models come standard with UK Power and USB A and C

Excellent Price-to-quality Ratio

In the use of all materials and components.

Various Options Available

Endless customisation possibilities for both interior and exterior, to match your design intent.

Guaranteed Speech Privacy

BeCalm pods are tested to the new ISO 23351-1:2020, the cutting-edge standard revolutionizing the acoustic landscape of workspaces.

This pioneering standard evaluates the speech reduction capabilities of phone booths, work pods, and other furniture ensembles. A vital metric, DS,A (decibels/dB), gauges speech level reduction, forming the core of the first ISO standard dedicated to semi-enclosed furniture pieces.

Classified as A+, A, B, C, or D, office pods are distinguished by their speech level reduction efficiency. Opt for Class A+, A, or B for optimal speech privacy, ensuring conversations remain confidential and users can focus on tasks without external distractions.

All BeCalm pods have achieved Class A & B which in effect guarantees speech privacy, enhancing productivity.

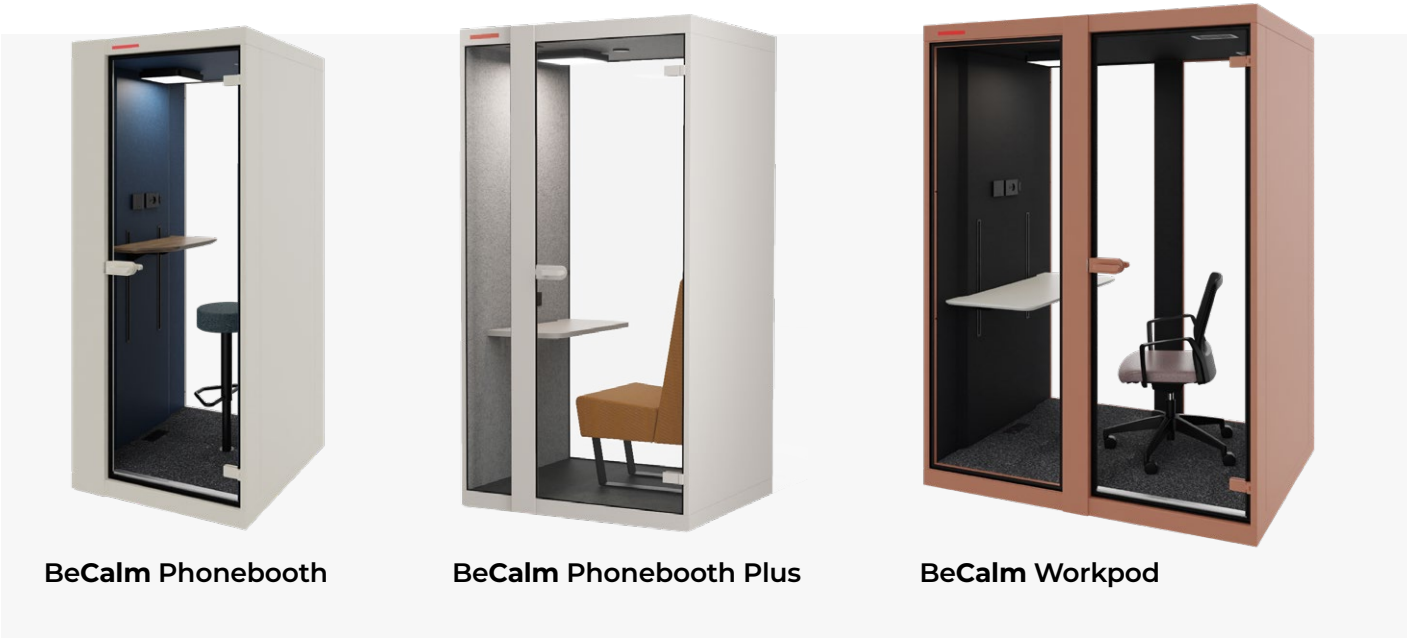

BeCalm pods offer the ideal environment for sensitive discussions and focused work, transforming open offices into havens of acoustic efficiency.

Outlined in the chart below is the classification system of the standard. It's evident that for a standard office, the office pod or furniture ensemble must achieve a minimum sound reduction of 25 decibels/dB to guarantee speech privacy.

Class	Speech Level Reduction (D _{S,A})	Speech Privacy Guaranteed?
A+	> 33 decibels / dB	Yes
A	30 - 33 decibels / dB	Yes
B	25 - 30 decibels / dB	Yes
C	20 - 25 decibels / dB	Depends on background noise level
D	15 - 20 decibels / dB	Depends on background noise level
Unclassified	< 15 decibels / dB	No

BeCalm Range

Available in 5 sizes

BeCalm Phonebooth

External: W:1000 x D:1000 x H:2300mm
Internal: W:880 x D:960 x H:2120mm
Weight: 475 kg
Sound Insulation Class: A 31 dB
Speech Privacy Guaranteed

Standard Specification

- Fixed Table (W:640 x D:350 x H:1100mm) in Standard MFC finishes
- Door swing direction choice: Right or Left
- Door handle colour to match colour of exterior metal panels
- External Panels on the outside and frames in Standard colour
- Automatic occupancy light, red. Turns on with the automatic lights
- Interior fully upholstered with Camira Fabrics Sonus *(see page 21 for colour options)*
- Metal components on the inside in Black
