work agile

making spaces agile

Workagile design and manufacture flexible furniture solutions that enable companies to adapt and flex as business needs change. We believe that a truly agile workspace will always provide choice, and Workagile furniture designs will do exactly that to any workspace.

With a focus on modular and creative designs that are inherently sustainable through the option to reconfigure and reuse, either within the existing area or in a completely new workspace, Workagile solutions will truly save you time, money and effort!

Today's hybrid focused workspaces show a growing need for adaptability, and Workagile furniture solutions support this shift, encouraging productivity through enabling better collaboration, communication and creativity.

empowering organisations
globally to create **flexible,**
dynamic and **efficient** spaces

guaranteed speech privacy

MiiBox® are tested to the new ISO 23351-1:2020, the cutting-edge standard revolutionising the acoustic landscape of workspaces, achieving Class A rating and 31dB of sound reduction.

This pioneering standard evaluates the speech reduction capabilities of phonebooths, workpods, and other furniture ensembles. A vital metric, DS,A (decibels/dB), gauges speech level reduction, forming the core of the first ISO standard dedicated to semi-enclosed furniture pieces.

Classified as A+, A, B, C, or D, acoustic office pods are distinguished by their speech level reduction efficiency. Opt for Class A+, A, or B for optimal speech privacy, ensuring conversations remain confidential and users can focus on tasks without external distractions.

Outlined in the chart below is the classification system of the standard. It's evident that for a standard office, the office pod or furniture ensemble must achieve a minimum sound reduction of 25 decibels/dB to guarantee speech privacy.

CLASS	SPEECH LEVEL REDUCTION (DS,A)	SPEECH PRIVACY GUARANTEED?
A+	> 33 decibels/dB	Yes
A	30 - 33 decibels/dB	Yes
B	25 - 30 decibels/dB	Yes
C	20-25 decibels/dB	Depends on background noise level
D	15 - 20 decibels/dB	Depends on background noise level
Unclassified	< 15 decibels/dB	No

double door entry

optimising user comfort

MiiBox® 2 Person and 4 Person feature double door entry, which enables a larger interior table for better user experience/working comfort, in what is a compact, space efficient pod. It also ensures quick and easy access/exit.

This also allows the pods to be accessible for people with mobility issues, including wheelchair users, with an optional wheelchair ramp available when purchasing the pods.

integrated sliding table

MiiBox® are designed to provide versatility for both collaborative meetings and individual work sessions. MiiBox® features an innovative integrated sliding table, which allows you to effortlessly transform the pods from a cozy meeting space to a spacious working environment.

MiiBox[®]

features and benefits

QUALITY SOUNDPROOFING

Tested to the new ISO: 233351-1:2020 standard, keeping conversations private and muting the majority of office noise.

SLEEK AND ELEGANT DESIGN

Available in a selection of neutral colours and optional natural wood sides, giving an elegant aesthetic which compliments the majority of modern workspace architecture at an affordable price-point.

CONFIGURABLE TABLES

MiiBox[®] 2 Person and 4 Person come with an integrated sliding table, allowing you to transform the pods from a meeting space to a roomy working space. MiiBox[®] Workpod can also be upgraded with a hydraulic height-adjustable table for enhanced versatility and comfort.

FAST INSTALLATION

MiiBox[®] can be installed within a couple of hours, minimising disruption in the office. The optimal solution for retrofitting meeting spaces in a busy workspace!

PLUG AND PLAY

MiiBox[®] are powered from a 3 pin plug or a EUR 2 pin plug, our pods can simply be plugged into a nearby wall socket and be up and going in minutes.

DOUBLE DOOR ENTRY

MiiBox[®] 2 Person and 4 Person come with double door entry, making entry and exit easy and optimising table size.

ADJUSTABLE FEET AND CASTORS

MiiBox[®] come with adjustable feet, giving you flexibility to maintain a stable position even on irregular surfaces. MiiBox[®] Workpod, 2 person and 4 person come with castors, allowing you to easily move them.

POWER MODULES

MiiBox[®] come with UK Power, USB-A, USB-C and Cat 6 data port as standard, so you always have access to power up your laptops or phones.

AUTOMATIC LIGHTING AND VENTILATION

The automatic lighting and ventilation is not only energy efficient, but will make sure the air inside the pod is kept fresh, and you don't have to worry about leaving the lights on.

CUSTOMISABLE OPTIONS

MiiBox[®] are available in 3 finish option ranges, Standard, Oak and Lux. Add premium aesthetic options by upgrading to Fine Oak sides or acoustic Corbridge Oak slat sides.
