MAKING SPACES AGILE

BeCalm

workagile

making spaces
agile

Workagile design and manufacture flexible furniture solutions that enable companies to adapt and flex as business needs change. We believe that a truly agile workspace will always provide choice, and Workagile furniture designs will do exactly that to any workspace.

With a focus on modular and creative designs that are inherently sustainable through the option to reconfigure and reuse, either within the existing area or in a completely new workspace, Workagile solutions will truly save you time, money and effort!

Today's hybrid focused workspaces show a growing need for adaptability, and Workagile furniture solutions support this shift, encouraging productivity through enabling better collaboration, communication and creativity.

empowering organisations globally to create **flexible, dynamic** and **efficient** spaces

guaranteed
speech privacy

BeCalm are tested to the new ISO 23351-1:2020, the cutting-edge standard revolutionising the acoustic landscape of workspaces, achieving Class A and Class B rating and up to 30.2dB of sound reduction.

This pioneering standard evaluates the speech reduction capabilities of phonebooths, workpods, and other furniture ensembles. A vital metric, DS,A (decibels/dB), gauges speech level reduction, forming the core of the first ISO standard dedicated to semi-enclosed furniture pieces.

Classified as A+, A, B, C, or D, acoustic office pods are distinguished by their speech level reduction efficiency. Opt for Class A+, A, or B for optimal speech privacy, ensuring conversations remain confidential and users can focus on tasks without external distractions.

Outlined in the chart below is the classification system of the standard. It's evident that for a standard office, the office pod or furniture ensemble must achieve a minimum sound reduction of 25 decibels/dB to guarantee speech privacy.

CLASS	SPEECH LEVEL REDUCTION (DS,A)	SPEECH PRIVACY GUARANTEED?
A+	> 33 decibels/dB	Yes
A	30 - 33 decibels/dB	Yes
B	25 - 30 decibels/dB	Yes
C	20-25 decibels/dB	Depends on background noise level
D	15 - 20 decibels/dB	Depends on background noise level
Unclassified	< 15 decibels/dB	No

find your
productivity retreat

Introducing BeCalm, a distinguished line of acoustic office pods, meticulously crafted for professional settings. With a diverse selection of finishes, these thoughtfully designed acoustic office pods epitomise sophistication.

Engineered to elevate productivity, these pods offer a swift installation process, allowing you to be up and running in no time. Notably versatile, BeCalm units are effortlessly movable, facilitating seamless relocation to adapt to your evolving workspace needs. Experience the perfect blend of aesthetics, functionality, and adaptability with BeCalm, revolutionising the way you work in quiet, stylish comfort.

BeCalm
features and benefits

QUALITY SOUNDPROOFING

Tested to the new ISO: 233351-1:2020 standard, keeping conversations private and muting the majority of office noise.

OPTIMAL SIZING FOR USER COMFORT

The BeCalm is designed with the user in mind. Whilst they take up slightly more footprint, the internal sizing and furniture set up is optimal for the users. No problem if you like a bit of space, BeCalm gives you this.

CUSTOMISATION WITHIN STANDARD FINISHES

There are a broad range of elegant and professional finishes in the BeCalm range. BeCalm offers a huge amount of customisation within the standard finishes without any increase in cost! Available in 8x standard RAL colours, with a choice of 17x interior fabric wall fabrics, and 7x MFC tabletop/exterior side panels colour options, design to match your style intent.

ENHANCE DESIGN WITH PREMIUM FINISHES

Choose from 8x Premium textured RAL colours and 7x Premium Laminate tabletop colour options. Want to add warmth to your design? Add Premium Laminate exterior side panels, available in 7x colour options, with antibacterial surface. For ultimate versatility and multifunctionality, add whiteboard sides!

MAXIMUM DURABILITY

Steel construction enabling endless refits/reconfiguration and with optional scratch resistant premium RAL finish, you can extend the lifespan of the pods.

PROFESSIONAL, STYLISH DESIGN INTENT

BeCalm's sleek aesthetic is distinct with its clean edges and sharp lines for a modern, refined look.

PIR SENSOR WITH DIMMABLE LIGHTING AND ADJUSTABLE VENTILATION

Easily see if the pod is occupied with the visible, occupancy light, it will also save energy by making sure the lights and ventilation are not left on. Dimmable lighting and adjustable ventilation enhance comfort, allowing personalised control of your working environment. Tailor the ambience and enhance both productivity and relaxation.

FAST INSTALLATION

All BeCalm can be installed within a couple of hours, minimising disruption in the office. The optimal solution for retrofitting meeting spaces in a busy workspace!

ADJUSTABLE FEET AND CASTORS

BeCalm come with adjustable feet and castors, giving you flexibility to maintain a stable position even on irregular surfaces and allowing you to easily move them.

PLUG AND PLAY

All BeCalm are powered from a 3 pin plug or a EUR 2 pin plug, our pods can simply be plugged into a nearby wall socket and be up and going in minutes.

POWER MODULES

All BeCalm come with UK Power, USB-A and USB-C as standard, so you always have access to power up your laptops or phones.
