

Technical Data

BeCalm Phonebooth

workagile

Product Overview

BeCalm Phonebooth is a space efficient, high performing acoustic pod, designed for independent private phone calls and working. This model is part of the BeCalm family range, alongside BeCalm Phonebooth Plus, BeCalm Workpod, BeCalm VC Pod, BeCalm 2 person, BeCalm 4 person & BeCalm 6 person.

With a modern and stylish design intent, available in a selection of fun colours and customisable interiors, this pod gives a fresh, modern aesthetic which complements workspace architecture, all at an affordable price point.

Dimensions

EXTERNAL:

W:1000 x D:1000 x H:2300mm

INTERNAL:

W:880 x D:960 x H:2110mm

Recommended minimum ceiling height for installation 2500mm (contact us to discuss if the ceiling is lower than 2.5m).

Environmental Summary

Workagile is committed to achieving its ecological targets, through the implementation of Sustainability and Environmental Policies and strategies. We aim to follow and promote good conservation practices, reduce the environmental impacts of all our activities and help our clients to do the same.

This is demonstrated in the following:

- We only use timber which originates from responsibly managed forests.
- Materials purchased have been awarded the FSC certification, showing they are sourced sustainably.
- We use durable materials, so our products last a longer lifetime.
- We design to a modular construction to ensure parts can be replaced or repaired as required, instead of replacing complete units.
- All our products are up to 90% recyclable, minimising plastics where possible.
- Our products are reconfigurable and reusable, ensuring they can easily be moved within spaces or to another location when needed.

Refer to sustainability data sheet for more details.

Electrics

Power

Power supply via a UK Standard 3-pin plug or a EUR 2-pin plug (to be specified prior to order placements). External power outlet positioned either at top or left side - choose during installation. Internal power module – under desk (1x UK socket, 1x USB-A & 1x USB-C).

Lighting & Ventilation

PIR sensor with dimmable lighting and adjustable ventilation.

Adjustable ventilation system operated via PIR (Air circulation 265m³ per hour).

Technical Data

BeCalm Phonebooth

workagile

Safety

General

Weight - 400kg

Adjustable feet ensure the pod can maintain a stable position even on irregular surfaces.

Hardened safety glass consisting of two layers of glass with inlaid film.

Sprinklers

In order to meet with fire sprinkler regulations, when required, this product can accommodate a sprinkler head via a cut out. This installation would be managed per project with the Project Manager who will support the link up with the install teams and the sprinkler contractors per site.

Assembly

Can be installed within 120 minutes, minimising disruption to the office & supporting faster project time lines.

Suggested - 2 hours for 2 people.

Guarantee

5 Year Guarantee - Standard products 5 years, electrical and mechanical components 1 year.

See more: <https://work-agile.com/warranty/>

Acoustics

The BeCalm Phonebooth achieves up to 29dB sound reduction, ISO 23351-1:2020 tested, Class A rated.

The acoustic performance of an acoustic pod refers to its ability to reduce noise transmission primarily from inside to outside (as conversations/calls are meant to be protected). This noise reduction level can be influenced by external factors such as the surrounding environment, the ambient noise level, the pod's proximity to walls, and similar conditions. It's worth noting, there is often minor noise transmission from the outside to the inside of acoustic pods (assuming a semi-busy/noise level environment) but this is a health & safety bonus for all pod users in the event of a fire alarm or public announcements.

We have designed our acoustic pods in a way to protect speech privacy, maintaining conversations confidentiality and strengthening user focus without external distractions.

Accessories

Standard Accessories

- Fixed perch desk in MFC W:640 x D:350 x H:1100 mm
- 1 x Black coat hook W:30 x H:70 mm
- No stool included but available as an optional specification addition.

Full list of optional accessories available within product brochure.

Exterior Finishes

- 8x standard & premium RAL colours (Exterior panels, frames and door handles).

Interior Finishes

- Camira Sonus interior wall fabric, available in 17x colour options, and commercial grade carpet in Anthracite.
- Premium laminate desk finish options.
