Access Pod

work-agile.com

our mission

Today's largely open-plan workplaces struggle to balance **focus with collaboration**.

Workagile solves this through adaptable **acoustic pods** and **modular tiered seating** that can both flex with evolving workplace needs.

We design and deliver solutions that elevate **productivity and connection**.

Create Calm. **Protect Conversations.** **Build Connection.**

- **Create Calm** - Spaces that support users' well-being, through individual focus areas and spaces that remove distractions.
- **Protect Conversations** - Designed to support confidentiality, giving peace of mind that conversations stay private and users feel confident in the workplace.
- **Build Connection** - Curated to bring people together and encourage collaboration and communication, with the ability to flex with evolving workplace scenarios.

guaranteed speech privacy

Our Access Pods are tested to the new ISO 23351-1:2020, the cutting-edge standard revolutionising the acoustic landscape of workspaces, achieving Class B rating and 29dB of sound reduction.

This pioneering standard evaluates the speech reduction capabilities of phonebooths, workpods, and other furniture ensembles. A vital metric, DS,A (decibels/dB), gauges speech level reduction, forming the core of the first ISO standard dedicated to semi-enclosed furniture pieces.

Classified as A+, A, B, C, or D, acoustic office pods are distinguished by their speech level reduction efficiency. Opt for Class A+, A, or B for optimal speech privacy, ensuring conversations remain confidential and users can focus on tasks without external distractions.

Outlined in the chart below is the classification system of the standard. It's evident that for a standard office, the office pod or furniture ensemble must achieve a minimum sound reduction of 25 decibels/dB to guarantee speech privacy.

CLASS	SPEECH LEVEL REDUCTION (DS,A)	SPEECH PRIVACY GUARANTEED?
A+	> 33 decibels/dB	Yes
A	30 - 33 decibels/dB	Yes
B	25 - 30 decibels/dB	Yes
C	20-25 decibels/dB	Depends on background noise level
D	15 - 20 decibels/dB	Depends on background noise level
Unclassified	< 15 decibels/dB	No

Access Pod

features and benefits

FLOORLESS CONSTRUCTION

Designed with no step or platform, this Acoustic Pod integrates full wheelchair access with an ultra-low threshold of less than 10mm, minimising physical and psychological barriers.

ACCESSIBLE DOOR

With a 900mm door width, this Acoustic Pod accommodates for wheelchair users comfortably. Accessibility is increased with a low-position door handle for easy reach, as well as an easy-access latch system to ensure minimal force and intuitive operation is required for use.

QUALITY SOUNDPROOFING

Achieving Class B 29dB, tested to the new ISO 23351-1:2020 standard, keeping conversations private and muting the majority of office noise.

SLEEK AND ELEGANT DESIGN

Available in a selection of colours and natural wood effect frames, giving a clean and simple aesthetic which complements the modern workspaces and architecture at an affordable price-point without compromising on performance.

PLUG AND PLAY

Powered by a standard wall socket, once plugged in, Access Pod can be up and running within minutes. All Pods are provided with a UK 3 pin plug as standard (other plug types can be used upon request).

SMART ACCESSIBILITY

This Access Pod comes with an optional touchless door system, with sensor activated open/close. This enables people with reduced mobility to enter the Pod independently and safely.

POWER MODULES

Access Pod comes with UK Power, USB-A & USB-C (65W) as standard, so you always have access to power up your electrical devices. Additional sockets and types can be provided upon request.

AUTOMATIC LIGHTING AND VENTILATION

The automatic lighting and ventilation system enhances energy efficiency while maintaining a consistently fresh and comfortable environment, removing the need to worry about lights being left on. An optional intuitive LED control interface ensures the pod is easy to use for people of all abilities.

STANDARD SPECIFICATION

EXTERNAL DIMENSIONS

W: 2000 x D: 1500 x H: 2250 mm
 (W: 79 x D: 59 x H: 89 in)
 Recommended minimum ceiling height for installation 2500 mm (98 in)

INTERNAL DIMENSIONS

W: 1960 x D: 1410 x H: 2130 mm
 (W: 77 x D: 55 x H: 84 in)

WEIGHT

700 kg (1543 lbs)

SOUND REDUCTION

Up to 29dB, ISO 23351-1:2020 tested, Class B rated

VENTILATION

Auto (sensor activated) ventilation system - 4 fans

MOTION SENSOR

PIR sensor activated lighting and ventilation

OPTIONAL ACCESSORIES

- Height adjustable desk (recommended dimensions - W: 1200 x D: 700 mm)
- Access Workpod Touchless auto-door technology (sensor activated) with built-in safety features
- Access Workpod LED Screen with Adjustable Ventilation & Lighting controls
- Access Workpod sprinkler & fire alarm cutout provision
- Access Workpod upholstered sofa options in Band 1-4 fabrics

POWER SUPPLY

Power supply via a UK standard 3-pin plug or a EUR 2-pin plug with the external power outlet positioned either at the top or bottom. Choose outlet position during installation

POWER MODULE

2 Module Power Unit (1x UK Socket, 1x USB-A & 1x USB-C)

INTERIOR FINISHES

Camira Carlow acoustically transparent panel fabric range

SAFETY GLASS

8mm (0.3 in) tempered glass

ASSEMBLY

Assembly by 4 people in 2 hours

2 YEAR GUARANTEE*

LED Screen with Adjustable Ventilation & Lighting controls
